Before you start

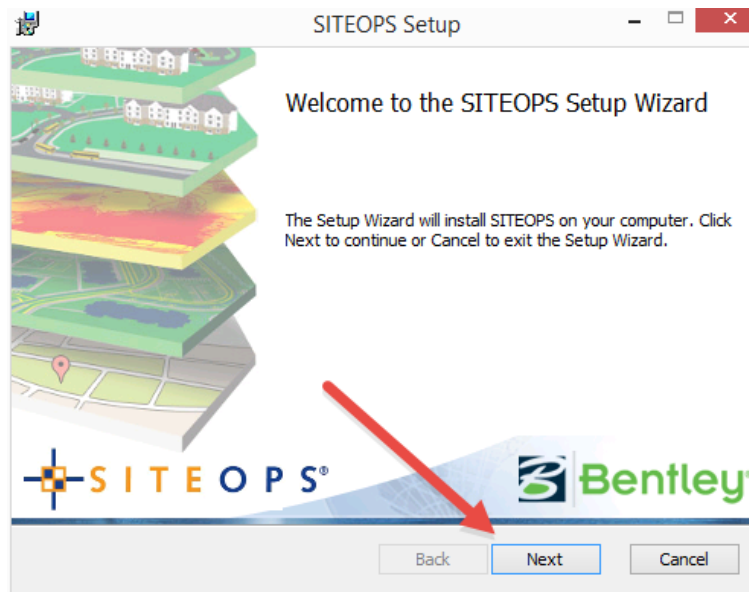

- When installing or uninstalling this product be certain that you are logged in with Administrator rights.
- Download and install Java™ Version 8 or newer at:
www.java.com
- Download the SITEOPS installation file at:
<https://app.blueridgeanalytics.com/javawebstart/siteops.msi>

Installing the SITEOPS Desktop Launcher

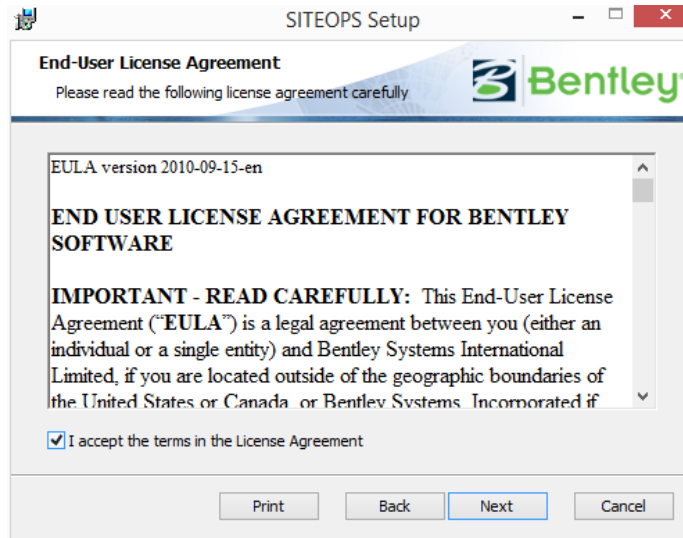

1. Locate the siteops.msi file and double-click it. This will prepare the Windows Installer to launch the SITEOPS Setup Wizard to guide you through the installation

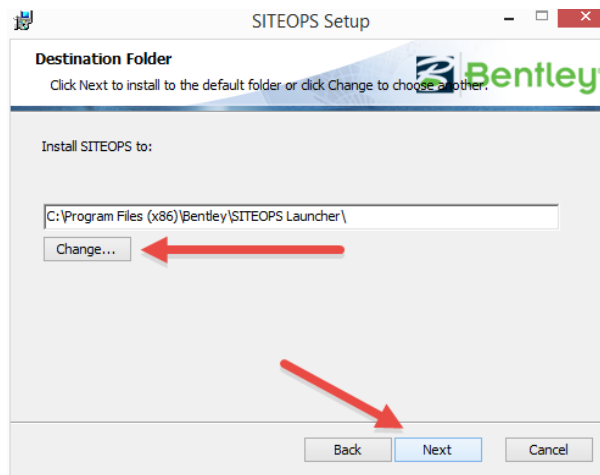

2. Click **Next** to continue with the SITEOPS Desktop Launcher installation.

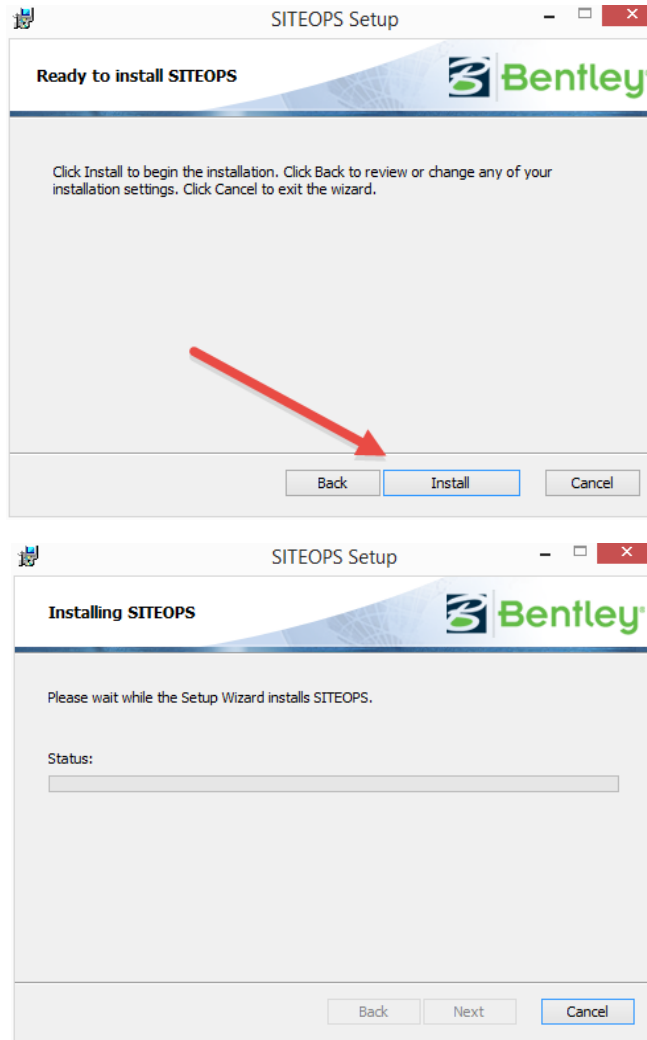

3. After reading the licenses agreement, click the “I accept the terms in the License Agreement” check box to confirm that they have read and accept the End-User License Agreement (“EULA”) for Bentley Software. Click **Cancel** if you decline the License Agreement Terms and Conditions.
4. Click **Next** to continue. The Destination Folder dialog is displayed to show the location where the product will be installed.

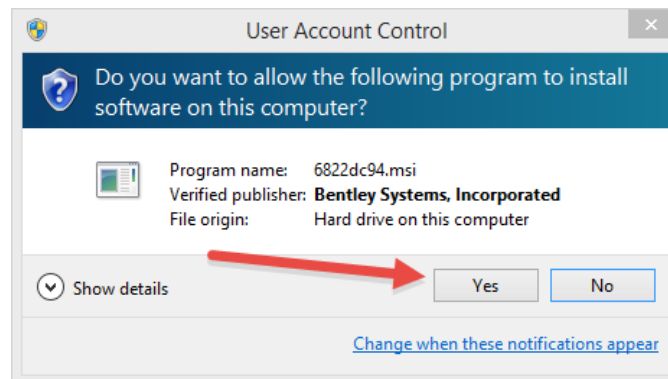

5. (Optional) To Change the product installation folder, click the **Change** button and browse for the desired folder.
6. Click **Next** to continue.

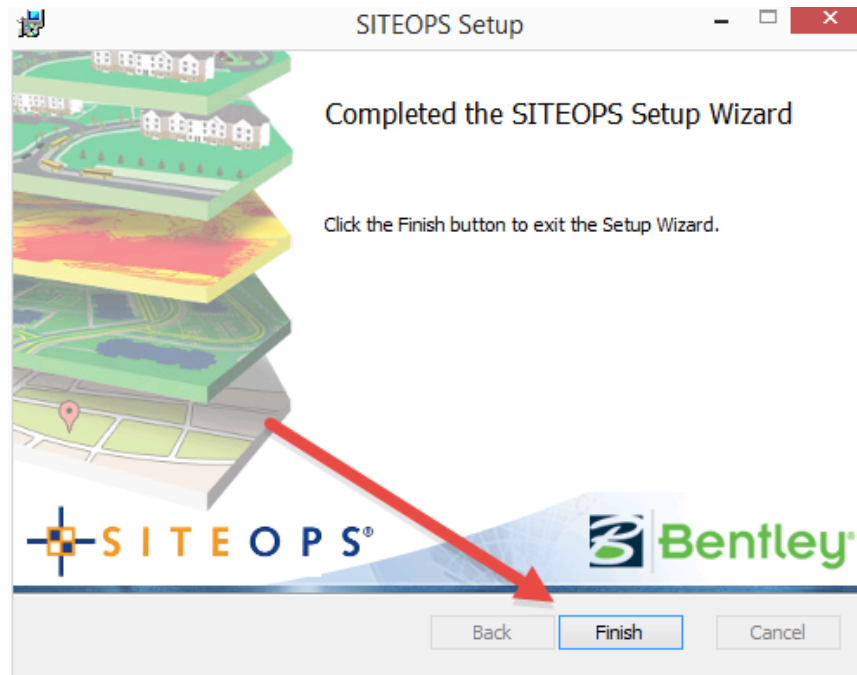

7. Click **Install** to continue. The Setup Wizard will install the product in the specified location.

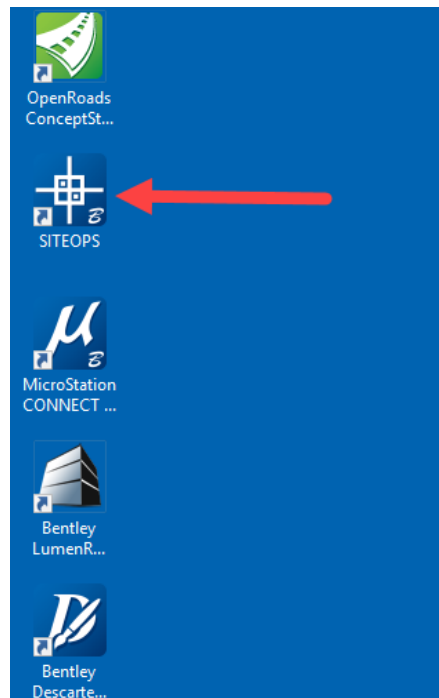

8. (Optional) Depending upon the operating system, the use account control might display a dialog box to verify that you will allow the program to be installed. Click **Yes** to allow and continue. Click **No** to stop the installation.

9. Click **Finish** to complete the installation.

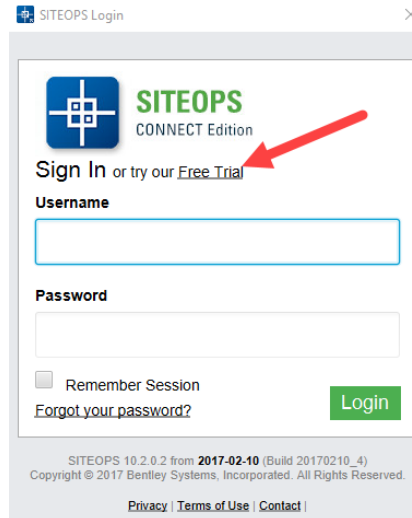

10. This will install the SITEOPS executable in the desired directory and place a shortcut icon on the Desktop.

Starting Free Trial

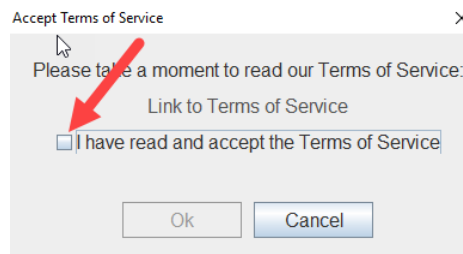

1. Click on **Free Trial**. Only SITEOPS licensed users will have a Username and Password.

2. Enter the required information. Once information entered click on **Use Trial**.

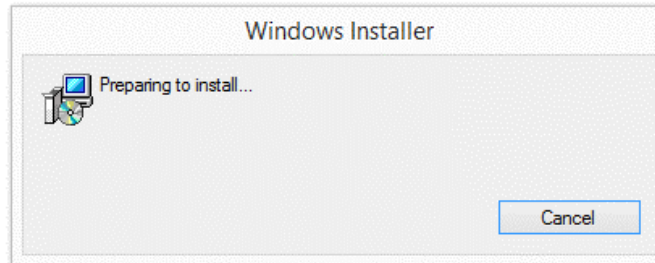

3. It is required that all SITEOPS users click and Accept terms of Service. Click button the accept and then click **OK**.

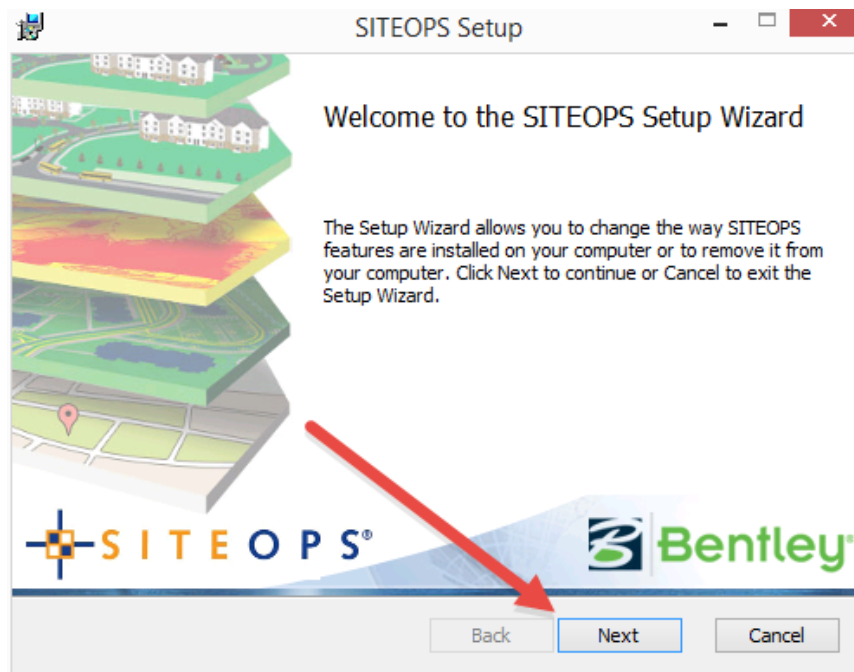

4. Congratulations! You are now ready to using SITEOPS.

Uninstalling the SITEOPS Desktop Launcher

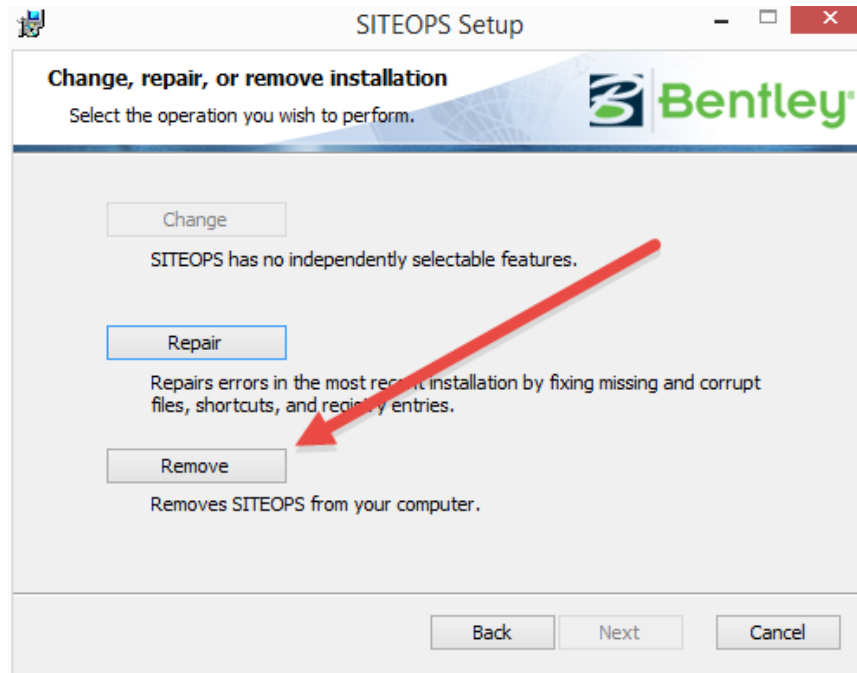

5. Locate the siteops.msi file and double-click it. This will prepare the Windows Installer to launch the SITEOPS Setup Wizard to guide you through the removal process.

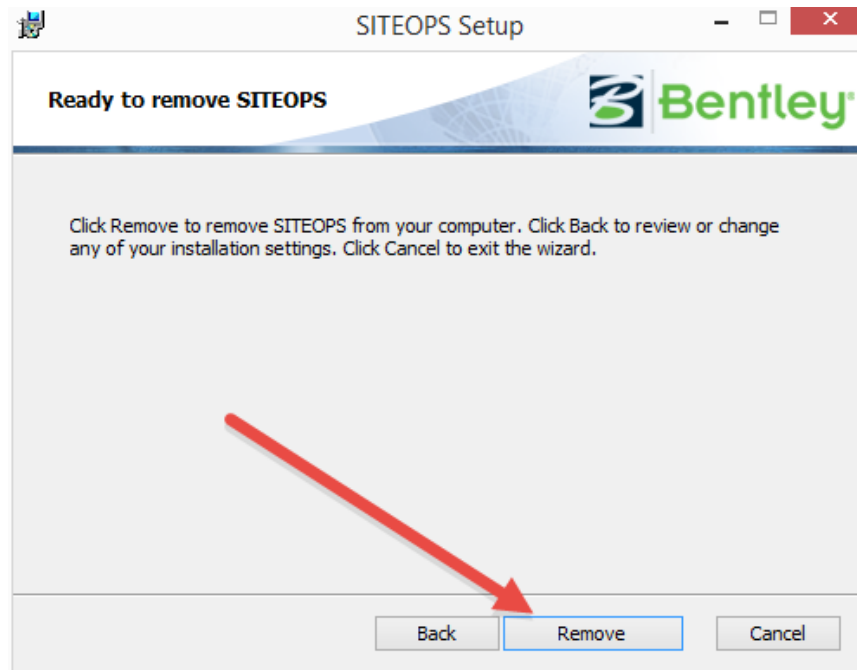

6. Click **Next** to continue with the SITEOPS Desktop Launcher removal.

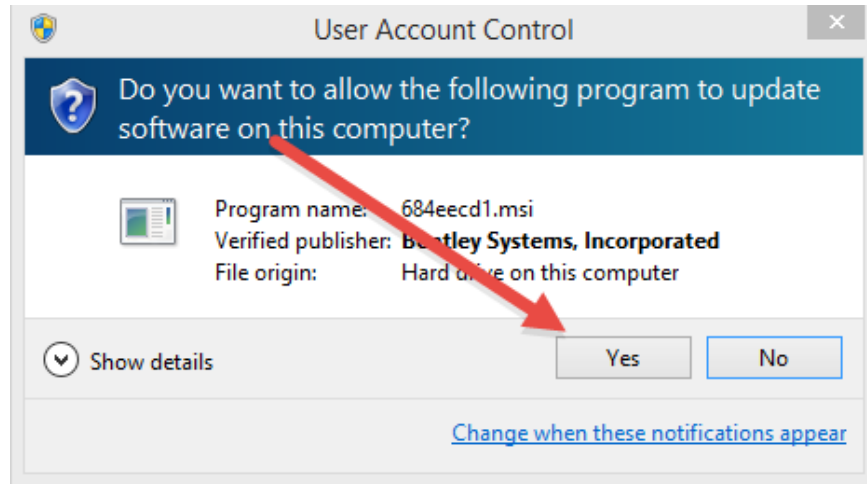

7. Click **Remove** to continue with the SITEOPS Desktop Launcher removal.

8. Click **Remove** to continue.

- (Optional) Depending upon the operating system, the use account control might display a dialog box to verify that you will allow the program to be uninstalled. Click **Yes** to allow and continue or click **No** to stop the removal process.

- Click **Finish** to complete the uninstallation, which will remove the installed files and desktop icon.
